Just visitng from taiwan she only comes once a year at most

My hours this past week are probably the worst they have ever been. Monday was 5am Tuesday was 4 am Wednesday was 3 am yesterday was 4 am. Granted I get in the office now at 9-9:30 instead of 8:30-9, it still sucks a lot. It's really making me rethink whether or not I'm going to do a 3rd year here

Sigh

Is she moving or just visiting? What types of hours are you doing

I'm upset lately... work has been terrible in terms of hours this week and my grandma is leaving for Taiwan tomorrow morning. Everyday by the time I get home she's already asleep. I hate it.
